STOP ALBERTSONS NOW

Deception, Lies, & Deceit.

It might as well be Albertsons' new motto.

Since Albertsons couldn't win the Grocery Strike, they have come up with a plan to circumvent the agreement they made with their employees.

Albertsons has decided to sell your local store -- to themselves.

They will then close down your Albertsons, get rid of all of the current employees, and open under a new name.

This "new" store will hire workers, without training, union benefits, or contracts.

Their objective is to make more money by ridding themselves of their Union employees. The same hard working employees they signed a binding contract with just last year.

The very people that make going to Albertsons such a great shopping experience.

Albertsons is hoping that some new paint, and a new name will fool you and your friends into complacency.

Please don't let them get away with this!

We urge you to call [866-421-6047](tel:866-421-6047) or go to StopAlbertsonsNow.com to find out how you can help us save our jobs. Thank you for your help.
